# RAIL TROUBLES BEFORE LABOR BOARD

## Dissatisfied Rail Employes Not To Strike At Present

*Vote to Have Grievances Presented to Board Now in Session—Another Section of Railroad Workers Threaten to Strike April 28—Proposed New Walkout Is Held Illegal—Railroads Fast Getting Back to Normal Conditions*

(By Associated Press)

Chicago, April 20.—Strike fever among railroad employees suffered a set-back today when 30,000 railway clerks and 8,000 freight handlers in the Chicago district announced their decision to permit hearings of their wage demands by the Railroad Labor Board at Washington. An unauthorized strike to attempt to enforce granting of increased wages was voted down last night, after an appeal was received from James J. Forrester, head of the Brotherhood and member of the Labor Board.

Freight movement in the Chicago district continued to increase today and elsewhere in the middle west and far west traffic conditions were nearly normal. Four Chicago strike leaders, including John Gruneau, president of the Chicago Yardmen's Association were in jail today pending hearings on charges of violating the Lever Act.

Possibility of another serious blow to the railroad in the Chicago district loomed today when a threat that the 100,000 members of the Brotherhood of Maintainance of Way and Railroad Shop Laborers would leave their work April 28, unless demands for a temporary increase to one dollar an hour and time and a half for overtime after eight hours were granted.

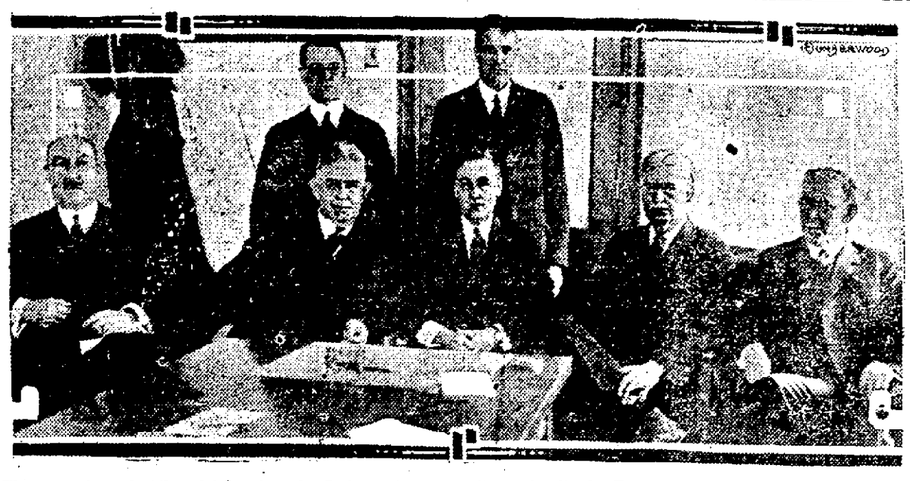
**TAKE UP DEMANDS**

Washington, April 20—Formal hearings on the long pending demands of railway employees for increased wages involving claims of nearly two million men that, if granted, would increase the operating costs of the nation's rail systems millions of dollars annually, were begun today by the recently created railway labor board.

Heads of the four big railway brotherhoods and others claiming to represent the railroad men of all crafts throughout the country were in attendance.

Representatives of the men involved in the latest strike whom the board yesterday flatly declined to hear, also were on hand and announced that despite their rebuff they would present written complaints together with demands for a "living wage." In refusing to "receive, entertain or consider" complaints from strikers, the board declared yesterday it would hear only those who were adopting every reasonable means of avoiding interruption of railroad service.

## MEMBERS OF NEW RAILROAD LABOR BOARD MEET IN WASHINGTON



First meeting of railroad labor board. Left to right, standing: G. W. W. Hangar and Albert Phillips. Seated: William L. Parks, J. H. Elliott, Henry T. Hunt, Horace Baker and James J. Forrester.

The railroad labor board, named last week by President Wilson to adjust wages of railway employes, is already busy with its problem in Washington. Its first task will be to consider the demands of switchmen and yardmen, who want a salary increase of forty per cent. The photo was taken at the first meeting of the board at which seven of the nine members were present. Hangar, a member of the public group and secretary of the board, hails from Washington, D. C. Phillips is from California; Parks, from Chicago; Elliott from Dallas, Texas; Hunt (chairman of the board), Baker and Forrester from Cincinnati, Ohio. The other members are ex-Judge R. M. Barton and A. O. Wharton of Missouri.

## MILK PRICE TO ADVANCE IN STATE

### H. W. Ingersoll, President of Ohio Milk Producers' Association, Says Increase Is Imperative in Face of Milk Famine

H. W. Ingersoll, of this city, president of the Ohio Milk Producers' Association, this afternoon declared that it is imperative that the prices of milk be increased or Cleveland, Elyria and all Ohio will be confronted with a milk famine.

**Psychological Reduction**

"The Cleveland distributors demanded a reduction April 1 for psychological effect because the consumers had made up their mind to have a cheaper price, when the distributors knew that milk could not be produced for the price then being paid," said Mr. Ingersoll.

"The distributors reduced the price four cents a gallon and paid the producers four and one-half cents a gallon loss giving the distributors an additional onehalf cent a gallon gain and the producers a loss," continued Mr. Ingersoll.

**Producing at Loss**

"Reports from throughout Ohio shows that the milk producers under the present price are losing money and many have and many more will go out of business," said Mr. Ingersoll. "The cost of milk production has materially increased. Feed is now costing $85. a ton, hay $35 to $40 a ton and labor wages have doubled."

Mr. Ingersoll said a committee of producers will meet the Cleveland distributors next week and place the facts before them showing that the producors must be paid more money for milk to make it a paying business or that there would be a general famine in Ohio in the production of milk with many dairymen deciding to sell herds.

## ALLIANCE WILL GIVE TEACHERS WAGE INCREASE

(By Associated Press)

Alliance, O., April 20.—At a meeting of the Board of Education last night it was voted to give teachers in the public schools an advance of twenty-five per cent in wages contingent upon the electors at the August primaries, voting to take advantage of a three mill levy.

## ASHTABULA EMPLOYEES GIVEN WAGE INCREASE

(By Associated Press)

Ashtabula, April 20.—Salary increases totalling more than ten thousand per year were granted to city employees of council last night.

## TWENTYTWO ARE DEAD IN WEST TORNADO

**ONE SECTION YET TO BE HEARD FROM — OVER 100 PERSONS INJURED**

(By Associated Press)

Little Rock, April 20—The death list as a result of a series of tornadoes which swept northwestern Arkansas, Sunday night today was raised to twenty-two and a large strip of country still was unheard from.

More than one hundred persons were injured and tremendous property damage caused.

Efforts were being made to confirm a rumor that twenty persons had been killed near Blaine, Logan county.

## MOTHER DIES AT HER SON'S HOME MONDAY

Mrs. Elizabeth Sparks, aged 83 years, died Monday evening at the home of her son, Harry Sparks of 79 Williams street, this city, following an extended illness. Mrs. Sparks came to Elyria from Everett Pa., and is survived by three sons and one daughter. Harry of this city, David of Mt. Gilead, O., George of Omaha, Neb., and Mrs. C. S. Roof, of Detroit.

The body will be taken to Mt. Gilead, Ohio for burial services and interment will take place at River Cliff cemetery.

## GOOD SPEAKERS ON CHURCH PROGRAM

### Medina Association of Congregational Churches to Meet at First Church Here Tomorrow

The sixty-seventh semi-annual meeting of the Medina Association of Congregational Churches will be entertained by First Church, Elyria, tomorrow. Delegations are expected, five in number together with the Pastor from the churches of the association, most of them situated in Lorain county. Exclusive of worship and business the outline of the program calls for the following:

**Three Sessions**

Morning session, 9:30—Organization; three minute reports from the churches; Bible exposition by Prof. H. A. Youtz of Oberlin.

Afternoon session, 1:45—addresses by Mrs. W. A. Davis for the W. B. M. I., Dr. Edward Haskell, of Bulgaria. John H. Grant of Elyria; recess for afternoon tea and sociability; presentation of candidates for licensure and ordination.

Supper, 6—The Moderator presiding over the informal speaking program.

Evening session, 7:30—Address by President Henry Churchill King of Oberlin.

Circle5, Mrs. Wm. Bark, chairman will serve supper, at 6:00 o'clock. First Church people are invited. The usual attendance will be provided for. Telephone for reservations to Mrs. Wm. Bark or Mrs. Martin Denman.

Rev. L. C. Grant, of Lorain is Moderator of the meeting.

Reports from the churches will include one from the federated M. E.-Congregational Church of Amherst by the pastor, Rev. A. A. Hunter.

It will be one of Dr. Haskell's last appearances before returning to Bulgaria. He speaks on the "Missionary as Statesman."

Afternoon tea will be served by the Church Department Committee. Mrs. Hindman, chairman, probably about 3:45. It is open to First Church members.

**Pres. King on Program**

Prof. G. Walter Fiske will present (about 4:15) four Oberlin Seminary men as candidates for licensure and one, a Japanese, for ordination. Each candidate will make a brief statement of his religious experience, training, call to the ministry, etc., always an impressive exercise.

President King speaks at the evening session, 7:30, on "America's International Obligation."

Sessions of the Association meeting are open not only to Congregationalists of the city but to the public.

First Church delegates to the meeting are Mrs. Nellie Poste, Mrs. S. E. Hitt, Mr. Wm. Searles, Mr. Hubert Day and Mr. J. T. Burrows.

## THINK STOLEN CAR ABANDONED AT RIDGEVILLE

E. C. Terrell of Ridgeville has reported that on April 5th, two young men left a five passenger Ford touring car at his home, after it had been overturned near there.

They stated that they were on the way to Toledo and would send some one after the car, then took a passing truck for Elyria. That is the last he has heard from them and it is believed that the car was stolen. The license number on the car calls for a different make, and is owned by a man in Cleveland. The number of the engine will be secured and an effort will be made to locate the owner.

## *City Electrical Inspector Is Suggested*

**"Hi" Myers Tells Council That Much Defective Wiring Is Being Done in Elyria—Proposes $1-00 License**

"Hi" Myers addressed the city council last evening, asking that it pass an ordinance providing for the employment of an electrical inspector. He said he represented the electrical workers of the city and that the necessity of an inspector is important as there is a lot of bad work being put in that is dangerous to life and property.

He stated that inspections could be made at a license fee of $1 for each to be paid by the customer. The electrical workers would furnish a competent man to inspect according to the standard set by the U. S. government and would also stand any additional expense including stationery.

Manager Johnson, of the Lorain County Electric Co., when called upon, said that it was important in his opinion that an inspector be appointed, but was not sure that the plan proposed was the proper one. The electrical committee of the council will investigate.

## TAXI ORDINANCE TO REGULATE BUSINESS

**MEASURE RECEIVES FIRST READING — PREVENTS OVERLOADING AND REQUIRES LICENSE FOR BOTH MACHINE AND CHAUFFEUR—MAY ADD FARE CLAUSE**

A new taxi ordinance is being prepared by the city council for the proper regulation of the taxi service of the city. It received its first reading last night and is exhaustive in its provisions. It prevents the overloading of machines for hire, provides for the proper licensing of machines aind chauffeurs, and requires each taxi to be protected with a $1,000 insurance policy for the benefit of passengers that might be injured by violation of the traffic ordinance.

It does not provide for the rate of fare to be charged, and that provision will probably be added.

## ABANDON PLANS TO CONSTRUCT ALLEY SEWER

Councilman Cautle reported to the council that it had been decided not to build the proposed new sewer from the Andwur hotel through the alley in the rear of business blocks to West avenue, where a large manhole would also have to be built.

He gave as a reason that the new building on the present site of the Andwur hotel, that was proposed to be built by The Elyria Savings & Banking Co., would not be erected probably this year, and recommended that the building of the sewer be postponed until the work on the new building was decided upon.

## *MARY VONYAK IS AGAIN MISSING*

Mary Vonyak, a fourteen year old girl whose parents reside on Bath street, has disappeared, according to a report made to the police last night.

The girl has been in the habit of remaining away from home and has been picked up by the police several times. When last seen she wore a brown coat and cap.

## INTERCHURCH DRIVES START ON SUNDAY

### L. B. Hindman Named General County Secretary — Community Committees Appointed at Amherst, Oberlin and LaGrange

On next Sunday, April 25, will commence throughout the United States the eight day simultaneous campaign of the churches of thirty Protestant denominations for subscriptions to their various missionary budgets, aggregating $336,777,572.

Some of the denominations are asking for subscriptions to cover work for five years, others are asking for subscriptions for this year's work alone. The sum which the Methodist church needs has practically all been already raised through its centenary campaign last year. The total amount which is sought to be paid in this year in all the co-operative denominations is $175,448,349.

**County Chairmen**

The following among the thirty co-operating denominations, are represented by churches in Lorain county: Northern Baptist Convention; National Baptist Convention; Congregational; Disciples; Evangelical Association; United Evangelical; Evangelical Synod; Methodist Episcopal; African Methodist Episcopal; Presbyterian; United Presbyterian; Reformed in U. S. United Brethren.

County campaign organizations have been formed by the Congregationalists, Baptists and Disciples. Rev. J. W. Weddell, D. D., of Oberlin, is county chairman for the Baptists; Rev. J. H. Grant of Elyria is county chairman for the Congregationalists; and Rev. Floyd Randall of Eaton is county chairman for the Disciples.

**Community Drives**

In connection with the simultaneous campaign in all the churches, a united community campaign is also planned in those towns where there are several churches. Persons who are not contributors to the work of any church will be asked as friendly citizens to contribute to the united fund of the Interchurch movement. This fund will be divided pro rata among the denominations in proportion to the amount each raises separately.

L. B. Hindman, general secretary of the Elyria Y. M. C. A., is county director for the united simultaneous campaign including the community campaign. George Chamberlain is chairman of the community committee for the city of Elyria; E. S. Kerr for Wellington; Rev. C. H. Hauger, for Lorain. Other places in which community committees have been organized are Amherst, Oberlin and LaGrange.

In Lorain the campaign in both the churches and among the friendly citizens has been postponed until after the tabernacle evangelistic meetings which are now being held

## POLICE CHIEF WANTS FOUR MORE MEN

The city council last evening acted on Police Chief Stankard's request that four new men be added to the police force in order that the men might be allowed one day off per week, instead of being on duty every day in the week.

It was voted to grant the request and an ordinance will be prepared to embody the desired change.

## FRANCHISE FOR YELLOW LINE UP AGAIN

### Electric Line Has Been Operating Several Months Without Franchise

Attorney Stevens was in the council lobby last evening and was asked what progress was being made towards preparing a new franchise for the yellow line.

He stated that a meeting had been held with Superintendent Cohn of the yellow line and the street railway committee of the council, and the provisions of the franchise discussed. Another meetwill be held soon, and the railway will then present it to the council for their approval. The street railway have been operating for several months without a franchise.

## SUNDAY SCHOOL MEET, PLANS COMPLETE

**REV. J. H. GRANT TO BE TOASTMASTER AT CONVENTION DINNER**

The plans for the coming convention of the Lorain County Sunday School Association to be held in Lorain the 28th and 29th of April are practically complete. Programs and registration cards have been mailed to every school on the county mailing list. Delegations from the various schools are being arranged for and the few schools that have not turned in their reports and apportionments are giving the matter attention this week.

In view of the fact that the convention is to be held on two days, out of town delegates are to be entertained by Lorain hosts, including lodging and breakfast. Lunches are to be served by nearby churches and on Wednesday evening the convention dinner will be served by the ladies of the First M. E. church, at which the convention sessions are to be held. Rev. J. H. Grant of Elyria is to be toastmaster and none will care to deny themselves the pleasure of this occasion.

Any schools that wish additional copies of the program or registration cards will receive them on application to Miss Marie Mueller, Firch Congregational church, Elyria.

## *Improvements On Two Streets Requested*

A resident of Turner street appealed to the city council last evening, asking that the street be improved by the use of cinders in the roadway. He said there were eight auto owners on the street and that the city had dumped a lot of mud on the highway a year ago that made it impassable during wet weather. Councilman Tattersall suggested that the street had not yet been accepted by the city, and that no improvements could be made under those conditions.

The American Crucible Products Co. also asked that Railroad street between Bush and West street be improved with cinders so that material can be hauled to their new plant. They agreed to pay for the cinders and hauling if the city would do the work. This was agreed to and the work will be done.

## HORSE FOUNTAIN TO BE MOVED

The street committee of the city council reported last evening that it had considered the complaint entered by the merchants at the East End market house, asking that the horse fountain in front of the property be removed to some other location. The committee recommended that it be removed to a point on Park place and the report was adopted.

## AUTOS DAMAGED IN COLLISION

Heever's grocery delivery auto came into collision with a machine driven by Jim Howlett while on Glenwood street last evening and the Howlett machine came out second best with a broken wheel and axle.

**AGED CANNER DIES**

Conneaut, April 20—David Cummins, 93, one of the wealthiest citizens of Conneaut, died at his home here yesterday, following an illness of several months.

## *Ask For Increase In Electricity Rates*

## 2 CLAIM SEAT IN LORAIN COUNCIL

### Mayor Grall and Council Lock Horns Over Appointment When Court Bailiff Here Is Unseated —Who Has Power to Appoint?

Lorain, O., April 20.—Two Lorain men today claim the same seat in City Council, the result of a fractional tangle that resulted last night when Council unseated Councilman Charles Heiman.

Heiman is bailiff in Common Pleas Court, Elyria. Councilmen take the position that he can't hold two offices at once. They last night presented an opinion from Attorney General Price in support of this contention.

After Heiman had been unseated, Mayor Grall announced the appointment of George O. Gleason to suceed Heiman. Council declined to accept the appointment and voted to appoint Fred Parker as Heiman's successor.

The mayor then said he understood that Council intended to unseat Thomas Peebles, James Long and John Baird on the ground that they are deputy sheriffs.

The mayor said he would name Mat Lesher to succeed Peebles; George Moehle to succeed Long, and Dr. William Hayes to succeed Baird.

Councilman said they would not accept these appointments and that they would ask the attorney general to rule on the question of whether the mayor or Council are authorized to fill vacancies in the Council.

## DOESN,T FAVOR ARBITRATION BOARD

### Elyria Manufacturers' Association Rejects Central Labor Unions' Plan to Prevent Future Industrial Disputes

The Manufacturers Association have replied to the request of the Central Labor Union, in which they were asked to appoint some of their members to cooperate with a similar number of the union members in forming a conciliation Board. The Association letter follows:

Mr. Edward Kelley,
Chairman of Committee.
Dear Sir:

Referring to your letter of March 9th, addressed to Mr. H. J. Edwards, President of The Manufacturers Association. I beg to advise that at a meeting of the Directors of the Association held April 2, 1920, the Secretary was instructed to communicate with the Chairman of the Committee of the Union, and state that the Directors of the Association feel at this time there is no occasion for the formation of such a board, but that should occasion arise, they would be glad to give the matter consideration.

Very truly yours,
A. L. PATRICK, Secretary.

In response to the above the Union made the following reply.

The Elyria Manufacturers Association.
Gentlemen:—

Your letter received and considered carefully. We note with regret that you do not think it necessary to co-operate in the formation of the proposed Conciliation Board at present because there is no immediate necessity. We wish to call your attention to the fact that the very object of our proposal is to prevent trouble before it arises or comes to a crisis. We are sorry that we did not make this point clear. Our idea is that a board of this kind, acting with fairness and good feeling toward all parties, could, if it acted wisely, go a long way toward preventing all future strikes and misunderstandings.

At least we have some very interesting things we can tell you, if you will appoint a committee to talk it over with us either publicly or privately.

Respectively,
THE CENTRAL LABOR UNION.

Conneaut, April 20.—H. A. Gleason has been elected president of the reorganized Chamber of Commerce. He stands for civic improvement, a new Y. M. C. A. building and new schools. Mrs. L. E. Stanley and Miss Ruth Burrington are women members of the new advisory chamber.

## LOCAL AUTOISTS GIVEN UNTIL MAY FIRST

Automobile owners must have their 1920 license tags or a legitimate reason for not having them beginning today, or they are liable to arrest, according to information received from Secretary of State Harvey C. Smith.

However, Police Chief Stankard said today that he would not begin a campaign until April 30, on account of local automobile owners not being able to secure their license numbers at the local office although they have paid their money. They will be given a chance to get them by the date specified.

## REGISTRATION HERE MONDAY

The city voting booths have been placed in their positions in the various precincts ready for primary day, Tuesday, April 27. The booths will be open from 6:30 a. m. to 6:30 p. m., inclusive, states the board of elections.

Women cannot vote at the primary unless the suffrage amendment is ratified before April 27.

The local board states that the voting booths will be open on Monday, from 2:30 to 5:30 and from 6:30 to 8:30 p. m. for registration purposes. All those who have not already registered or who have moved from one precinct to another since the lest election must register again or they will lose their vote.

## HOME TALENT WELL PRODUCE 'FOLLIES' AND SCORE A BIG HIT

The Y. W. C. A. Follies are to be given under the auspices of the Alumnae Friendship club at Gates school auditorium, Friday evening, April 23, at 8:15 sharp. Each summer there are conferences in many different places all over the country for Y. W. C. A. girls. Here under the guidance of some of America's leading men and women the girls gain new ideals and inspiration for their work for the coming year. This June the Alumnae girls wish to send two delegates to the Industrial conference at Oxford, Ohio, and are giving "The Follies" as a means to that end.

Preparations are going busily forward and from all reports this play will be one of the most clever and unique entertainments given this winter in Elyria. One interesting feature of it is the co-operation and participation of all the departments of the local Y. W. C. A. Acts will be given by the Girl Reserves, the Friendship club, the Y. W. C. A. dormitory girls, the Industrial girls, the Alumnae club, yes, and even the Y. W. C. A. board of directors. Boxes of candy will be awarded for the two best acts and a cabbage for the poorest. And each group of actors is counting upon acquiring that five pound box of candy.

**Rheumatism Relief--25c.**

**Nature's Remedy (NR Tablets), Are Helping Thousands Who Tried Expensive Things Without Result. It's Guaranteed.**

There are three vital processes of human existence,—the digestion of food, the extraction of nourishment from it and the elimination of waste.

Poor digestion and assimilation means failure to derive full nourishment from food and that in turn often means impoverished blood, weakness, anemia, etc. Poor elimination means an accumulation of waste matter which poisons the body, lowers vitality, decreases the power of resistance to disease and leads to the development of many serious ills.

Rheumatism,—due to some interference with the process of elimination, failure to get rid of certain body poisons,—cannot be expected to yield to any medicine that fails to correct the condition responsible for it. Could any reasonable person expect to rid himself of rheumatic pain as long as rheumatic poison is allowed to remain in the body.

Think of this. It explains the success of Nature's Remedy (NR Tablets) in so many cases where other medicines have failed. Thousands are using NR Tablets every day and getting relief. Why pay five or ten times as much for uncertain things? A 25c box of Nature's Remedy (NR Tablets), containing enough to last twenty-five days,—must help you, must give you prompt relief and satisfactory benefit or cost you nothing.

Nature's Remedy is not only for the relief of rheumatism. It improves digestion, tones the liver, regulates kidney and bowel action, improves the blood and cleanses the system. You've tried the expensive medicines and doctors, now make the real test. You'll get results this time. Just try it. Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

## 'DESERT GOLD' AT COLONIAL ON WEDNESDAY

Zane Grey's "Desert Gold," which comes to the Colonial theatre beginning Wednesday, is certain to add lustre to the fame of America's premier novelist. Not only has "Desert Gold" been acclaimed the greatest of Zane Grey's works but the screen version, produced by Benjamin B. Hampton and Eltinge F. Warner, for Zane Grey Pictures, Inc., is the first production from a Zane Grey novel that has won the author's approbation.

"Desert Gold," a W. W. Hodkinson release, depicts the stirring adventures of Dick Gale, a sturdy soldier of fortune. He encounters an old college mate, Captain Thorne on his travels, and assists with the aid of two cowboys in rescuing the army officer's sweetheart Mercedes Castenada, from Rojas, an outlaw and his pack of plunderers. Thorne returns to duty but Dick and the cowboys journey with Mercedes to Rio Forlorn to seek refuge for her at the home of Jim Belding, a rancher.

That night Gale, Thorne and the cowboys outwit the bandits and make their way to Yuma. Hiding Mercedes in a cave, Gale and the others take their stand to battle the outlaws. The desperado band is wiped out, with the exception of Rojas, who finds Mercedes and attacks here. Yaqui rushes to the rescue and throws the bandit chief over the cliff

Even with Rojas out of the way there are obstacles aplenty in Gale's fight for the hand of Nell, Belding's foster daughter. How this valiant ranch rider sweeps them aside leads to a smashing climax—a thriller that will at once surprise and hold spellbound an already highly thrilled audience.

## 'PICADILLY JIM' IS SHOWING AT AMERICAN

Owen Moore in "Piccadilly Jim," his first Selznick picture, comes to the American theatre for a two day engagement.

"Piccadilly Jim" is a fast-moving comedy of American life with a young Anglo-American for its central character.

It is a screen version of P. G. Wodehouse's Saturday Evening Post story and is said to be one of the best bits of entertainment ever presented for the screen fans' edification.

## 'THE BLINDING TRAIL' AT DREAMLAND WED.

Down the shining path of the slide "Big Jim" McKenzie sped on his toboggan, shouting in joyful abandon at the comrades left behind. Suddenly his shouts died on his lips. There, in his path stood Helen Halverson, daughter of the millionaire lumberman who was McKenzie's employer.

The girl was paralyzed with fright. To avoid striking her, McKenzie swerved his sled full into a tree.

He was picked up as if dead. It was found no bones were broken, but the concussion had injured the optic nerve. Blindness set in. Helen convinced it would be but temporary, followed the call of desire and lured Jim into marriage. Then,

## GIVEN UP TO DIE OF STOMACH TROUBLE

**But Mr. Baker is well now. Feels like he did at sixteen**

"One year ago in September I was taken down; couldn't eat, sleep or work. The doctors didn't know exactly what was the matter. Some said I had catarrhal gastritis, and others, cancer. Anyway, I was given up to die.

"A friend persuaded me to try Milks Emulsion. In 2 or 3 weeks, the soreness went out of my lungs, the pains vanished from between my shoulders and I began to eat and sleep and work. Also the miserable lonesome feeling began to tear lose and that heavy weight in the left side of my stomach, that hung like a huge iron ball, disappeared.

"By the time I had taken 21 bottles, I could eat anything, sleep like an infant, and the old time vim came back. I felt like I did when I was 16."—Lyman Baker, Star Route, Berryville, Ark.

Get the stomach and bowels working right and most ailments start to leave.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended, to those whom sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and $1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

## 'Broken Melody' Opens Three Day Run at American Theater

In a play described as one of the most lavishly produced pictures of the season, Eugene O'Brien will again appear before local patrons of the screen when his new Selznick picture, "The Broken Melody," opens a three day engagement at the American theatre today.

"The Broken Melody" is a romantic story of two young artists, a painter and a singer, who attempt to climb the ladder of fame through the sacrifice of their love for one another, only to find that love is the force that drives all ambition to success. It is a sympathetic tale of bitter sacrifices and the unfaltering fidelity of two strong hearts, and is said to be the most pleasing vehicle the popular star has had.

tiring of the game, she looked about for diversion.

What happened when "Big Jim" sightless, powerless, learned of his wife's treachery? And what of Adele, who had renounced her love in the face of McKenzie's infatuation for Helen? To learn the outcome of this gripping story of the North Woods you must see "The Blinding Trail" at the Dreamland Theatre Wednesday only.

## Don't Spoil Your Hair By Washing It

When you wash your hair, be careful what you use. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Mulsified cocoanut oil shampoo, for this is pure and entirely greaseless. It's very cheap and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

Twenty scholarships valued at $210 each are offered to the senior high school students of Ohio. The scholarships will be accepted in lieu of the registration fees in a 4 year course in agriculture or in home economics at the Ohio State university. The distribution of the scholarships is made by the state superintendent of public instruction.

A uniform competitive examination is to be given by the principals of first and second grade high schools on Friday, April 16, to determine who will receive the scholarships.

The examination questions will be sent under seal by the state superintendent of public instruction to the high school principals, and the students' answers will be graded under the direction of the state superintendent's office.

The state has been divided into four sections, northeast, northwest southeast and southwest, and five scholarships may be granted in each section.

# The After Effects of Pneumonia

This is No. 2 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state thus affording a favorable foothold for invading germs. And how Vick's VapoRub may be of value in this condition.

Pneumonia attacks the air cells of the lungs. An inflammation is set up and matter is thrown off which causes the air cells to solidify, thus preventing the natural flow of blood thru the lungs. This "backing up" of the blood causes the heart to pump harder, just as stepping on a hose increases the water pressure, which is the reason why, during this disease, the physician watches the overburdened heart so carefully.

After recovery the lungs are filled with a mass of wreckage—the debris of the battle—which must be gotten rid of by a process known as resolution. Frequently, inflamed spots remain, congestion persists, cough hangs on, and the least exposure brings on a cold that is hard to get rid of. If neglected, such damaged air passages may easily develop serious disease of the lungs.

Such cases should always continue under a physician's care and frequent examinations should be made to see that nature is properly continuing the rebuilding process.

Nightly applications of Vick's VapoRub will aid nature in this work. Because Vicks acts locally by stimulation thru the skin to draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition, the medicinal ingredients of Vicks are vaporized by the body heat. These vapors are breathed in all night long, thus bringing the medication to bear directly upon the inflamed areas.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying, swallow a small bit of Vicks the size of a pea.

Samples to new users will be sent free on request to the Vick Chemical Company, 232 Broad Street, Greensboro, N. C.

# BONUS TO COME UP ON MAY FIRST

**FOUR QUARTERLY PAYMENTS EXPECTED TO START JAN. 1, 1921 — PROPOSE TAX ON GROSS SALES TO PROVIDE FOR BONUS**

Washington, April 20—Republican house leaders tentatively agreed to present a soldier relief measure to the house about May 1.

Besides carrying cash compensation, the bill will include alternative offers of priority in land settlement, home building aid and extension of vocational training.

Two plans for adjusted cash compensation have been submitted by a sub-committee of the house ways and means committee, one granting $1 for each day's service and the other authorizing payment at the rate of $1.25 for each day, with no payments for the first two months of service.

Under the latter plan, members said, those exempted because their service was less than sixty days and those serving for a longer period would be treated impartially, no payments being authorized to anyone for the first two months' service.

It is proposed to begin cash payments January 1, 1921, continuing in quarterly installments. A tax on gross sales, probably will be the plan to be adopted by the committee to raise necessary revenues. Democrats, however, oppose this, desiring to present some legislation imposing further taxes on excess war profits. Some Republicans will also oppose the imposition of a sales tax.

# ELYRIA BOY IN SUB DISASTER

**Frank Wild Tells of Escape from Undersea Craft Lost in Magdalena Bay**

Frank Wild, Elyria boy, who was shipwrecked when the U. S. submarine H-1 sank in 60 feet of water in Magdalena Bay, Lower California, relates his thrilling experience on that occasion in a letter received by Hayden Evans.

If Wild ever read the story of Robinson Crusoe, he has an inkling as to what happened to that unlucky wanderer, as Wild was forced to swim to land in just the same manner as did the hero of that interesting tale.

However, Robinson Cruso did not suffer the pangs of hunger or thirst as did Wild and his companions, who for 48 hours were forced to exist without food or water before the loss of the submarine was discovered and the crew removed from the island on which they had sought refuge.

Wild relates tha the has just settled down in his bunk for the night when the submarine struck a ledge of rock and turned over three times. He made a dash for the engine room and arrived there in time to be engulfed by several tons of water which poured down from the deck. Then he decided that rather than die like a rat in a trap he would go over the side of the underseas boat, as his companions were doing as rapidly as possible.

Two or three of the crew, including Lieut Commander Webb, lost their lives in an effort to swim to land after the boat sank. The remainder of the crew managed to swim ashore, only to discover that their troubles were just starting.

When the sailors plunged into the water they were clad only in their underwear and during the day the sand on the island became so hot that they were forced to wrap their feet in the only garments they possessed in order to protect their feet from the intense heat. At night they nearly froze, as there was no shelter on the island.

Several of the crew, driven to desperation by thirst, drank salt water from the bay and were soon in delirium. The survivors were almost exhausted when rescued and, having lost all their possessions when they left the ship, they were a sorry looking sight when a passing vessel discovered them on the island and took them aboard

**Service Director Beck Asks Council for Authority to Purchase Another Auto**

Service Director Henry Beck announced to the council last evening that he expected that work on the new water works extension would begin on June 1.

He also requested that he be permitted to buy an automobile to transport workmen as well as himself back and forth to the place where work was being done, the machine to be paid for out of the water works fund The request was referred to the waterworks committee.

**6 CHILDREN DIE IN WEEK HE TRIES TO BURN HOME**

Punxutawney, Pa, April 20—Losing all his six children in as many days through the ravages of black diphtheria is believed to have caused Ross Beck, a farmer of Gardners Hill, Pa county to become unbalanced with the result that he tried to burn his home, where his wife is critically ill from influenza. Guards have been stationed about his home.

On account of the contagious character of the disease Beck was unable to obtain help. The oldest child was nineteen and the youngest was four days old. After each death Beck built a casket and performed the burial.

# GAIN WEIGHT AND STRENGTH

**WITH BITRO-PHOSPHATE ON $300 GUARANTEE**

New York. If you are feeling run down, weak, nervous, tired-in-the-morning and generally ailing, these are the symptoms that should warn you to take care of your health

Four persons in every ten are needing more phosphorous in their bodes When you see thin and fretful people, or those who are anaemic, pale, frail, oft despondent or lacking energy, you may look for the need of certain elements that make for a strong constitution.

Some people, after relying upon preparations composed chiefly of salts, quinine drastic drugs, iron calomel, cod-liver oil, etc, wonder why they find no benefit. That is easily explained by the fact that such persons need the phosphoric element, which is a most potent essential to health, and contained in BITRO-PHOSPHATE, the famous health preparation. Now obtainable everywhere.

The right thing for you to do is make a trial of BITRO-PHOSPHATE beginning at once It is not a patent medicine, the formula is prescribed by many physicians for the ailments and weaknesses mentioned above

With every box of BITRO-PHATE, are a few simple health rules and a $300 guarantee Buy a box of BITRO-PHOSPHATE It is sold and recommended by all good druggists everywhere.

# Huron Co. Rural Churches Merged

**Many Congregations Combine, Abandoning Rivalry of Denominations**

Norwalk, April 20—Within the last few months, much has been done in the movement for the consolidation of churches in the rural and village districts of Huron county.

It has long been realized that there are too many churches in many communities. Workers of various denominations have come to the conclusion that it is better to have one strong church in a community than two or more struggling ones.

At a meeting of Methodists here recently, it was given out that 271 churches of northeast Ohio district are without pastors, while in Huron county, twelve pupils are not filled.

At Wakeman the trustees of the old Methodist church have just asked comon pleas court for permission to sell the two town lots and other property owned by the congregation. This action was taken when it was seen that the consolidation of the Methodist and Congregational churches at Wakeman, effected some time ago would be permanent.

Under the Interchurch Federation movement, members of abandoned churches who agree to join issues with the dominant churches in their communities, retain their affiliation with their own churches, if they choose, even though they attend other churches and contribute to their support.

At least a dozen Huron county churches are likely to merge with stronger congregations before long it is stated.

# Protest Widening East Avenue From Second to Broad

Gerald Martin protested to the council last evening against the widening of East avenue from Second street to Broad street. He stated that the property owners had not been considered and that in his opinion the street, if widened at all should extend through to Third street. He was told to file his protest in writing

Service Director Beck was authorized to dispose of the old city team of horses and to purchase one or two horses to take their place

A new sanitary sewer was authorised to be built in Adams street.

**Shows How This Famous Family Tonic Lives Up To It's Reputation**

This statement was made recently to Nerv-Worth druggist at Elyria. It should be very welcome reading to Mrs. Shepard's fellow-sufferers:

Phillips Drug Store:—About two years ago I was badly afflicted with nervousness, stomach trouble and indigestion. Was all run-down and in a weakened condition. Very poor appetite and was afraid to eat as it caused me trouble. I learned through others of the wonderful merits of Nerv-Worth and I took three bottles. They put me right and I could soon digest my food and eat heartily. Regained my strength and normal condition. I have not taken any since that time. I don't need it, as it's work was permanent.

# BILLY WHISKERS

By Frances Trego Montgomery

Thursday there was no performance, as the circus was to break camp and move to the next town, where they were to take the train for a large city. Here they would meet the rest of the circus which had been divided up into small bands and sent into the country, like the one Billy was now with. When they met in the city, all the companies joined forces.

The elephant told Billy to wait and see what elegant performances they gave when they were all together. "Why!" he said, "we have three rings with acting going on in each one at the same time, and

all the performers wear their best clothes and try their best to outshine each other; besides we have three or four times as many animal side-tents as we do now.

"When we meet I will introduce you to my chum who is the oldest and largest elephant in the circus business. He is a fine fellow and tells a good story, and one could listen for hours to him telling of his adventures and experiences while in the jungle and traveling in this country. But it nearly makes him weep when he tells of how he was once the pet elephant of a Prince of India and how the Prince would never ride any other but himself when hunting or riding in the royal processions. 'Only think of the come-down,' he used to add, 'from having a Prince of the royal blood on your back to a common circus rider in gaudy skirts! Then my blankets and trappings were of velvet, studded with real precious stones. Now they are velveteen with glass to imitate the precious jewels. Oh, dear! Oh, dear! That I should ever live to see this day.'"

Here the elephant's conversation was cut short by someone screaming "Fire, fire!"

"Where? where?" called Billy, who was all excitement in a minute and he started to run in the direction he heard the voice come from, but alas for Billy! He forgot he was tide until he came to the end of his rope and it gave him a quick jerk which sent him head over heels breaking the rope.

"Gee whiz! I nearly broke my neck. Blame their old rope!"

"Fire, fire, fire!" called the voice again, followed by a laugh, and Billy, looking up, saw a green polly-parrot swinging on a rope overhead, that commenced to call: "April fool, April fool!" as loud as she could.

(More about Billy's meeting with Polly tomorrow.)

## RHEUMATISM

**Torturing Pains and Swollen Joints Vanish When Rheuma is Used or Money Refunded**

If there are any rheumatic sufferers who have not availed themselves of this generous offer they should do so at once.

If Rheuma, the guaranteed prescription for rheumatism in any form, does not give quick and joyful relief the cost, small as it is, will be gladly returned without any quibbling or red tape.

Rheumatism is a dangerous disease, and anyone who has the slightest sign of it should drive it from the system as quickly as possible. This is what Rheuma did for many. It should do as much for you.

"I have been laid up for one year with chronic arthritis," says one sufferer. "I had doctors galore also spent four months in a sanitarium, but had practically no relief. Then I started taking Rheuma. Now I can go without crutches or other aid, which I could not do for the last nine months. I highly recommend it, and would gladly answer any questions asked on receipt of stamp for postage."—Thomas H. Eddy, Schuylerville, N. Y.

Rheuma is absolutely harmless and thoroughly reliable because it is one discovery that has forced rheumatism to yield and disappear. It is recommended and sold on the no-cure-no-pay plan by C. W. Phillips.

## HAYDEN EVANS NEARLY ROLLS A PERFECT SCORE

With eight straight strikers to his credit in the Foremen-Heavy Machine series in the Overland league, Hayden Evans was all set to satisfy the ambition possessed by every bowler, namely, to hang up a mark of 300, but in the ninth frame he foozled the ten pin and his hopes were dashed to earth.

It was a sad blow for him and the rabid fans who were on their knees in an effort to pull him thru the contest with twelve strikes, and although he came right back with two more perfect spills, he again mlew a pin in the final frame, ending the exhibition with a score of 267.

This is the high mark for the Overland league this season, little Hebebrand having been nosed out of first place in the individual event by one point.

"That is as near as I will ever come to making a 300 score," was the only comment offered by Evans.

## WOUNDS FROM RUSTY NAILS DANGEROUS

**Houstonia Your Safeguard**

Serious results, through blood poisoning, often occur from scratches, cuts or wounds from rusty nails or other metal. Don't run this danger. Protect yourself by having a bottle of Houstonia always at hand for emergency use.

Dean McKillip, well-known farmer of Clark Co., Ohio, says: "I stepped on a rusty nail which extended halfway through my foot. I applied Houstonia to the wound and bandaged the food. In a short time the pain got easier. After five days I did not limp and the wound healed nicely."

Houstonia (The Original Jones' Liniment) may be freely applied to open cuts, sores or burns without fear. It soothes while it heals. At your druggist. 25c, 50c and $1.00 sizes. Be sure you get the genuine House-tone-e-ah with Dr. Jones's picture on the yellow wrapper. The Dr. J. C. Jones Co., S. Charleston, O.

## OUT OF THE GLOOM

Many a Gloomy Countenance in Elyria Now Lightens With Happiness

A bad back makes you gloomy. Can't be happy with continual backache.
The aches and pains of a bad back are frequently due to weak kidneys.
Doan's Kidney Pills are recommended for weak kidneys.
So Elyria citizens testify.
Mrs. Wm. Swiers, 215 Clark St., Elyria, says: "I wouldn't be without Doan's Kidney Pills in the house. At one time, I began to feel all wornout and couldn't seem to get any rest. I felt depressed, tired and nervous Many days I had severe headaches. My back began to hurt me with sharp catches when I leaned over or lifted anything and I had a dull, heavy ache in my back too. Doan's Kidney Pills removed all the soreness in my back and made me feel well in every way I have used them now and then since and they have kept me in good health."
Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Swiers had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

# EIGHT FAMOUS VICTOR ARTISTS

# IN ELYRIA APRIL 24th

No musical event ever given in Elyria has brought such a company of famous musicians here at one time, as the concert by the eight famous Victor Artists at Rialto Theatre on Saturday evening.

Every one of these men is a "Top-notcher" the head of the procession in his particular specialty, and was picked by the Victor Talking Machine Co. to make records for them on account of his ability.

Many Elyria people heard their concert in Masonic Temple Auditorium, Cleveland, last Fall and all were enthusiastic about the program. They also appeared in Lorain, when every seat was sold long before the program commenced, seats on the stage being sold also and standing room at a premium.

While this wonderful entertainment is made possible only by the cooperation of the Victor Talking Machine Co. and the local Victor dealers, Hubert Day & Sons and W. E. Shay, no attempt is made to cheapen the visit by Victor advertising. There will be no Victrola on the stage and every patron will get the full worth of his money in high class entertainment. This is not a Victrola demonstration, but a concert by artists made famous to a large extent because they were known to millions by their Victor Records.

Watch for the program which will appear in Thursday's Chronicle-Telegram. In order to be sure of good seats phone or send your order to Hubert Day & Sons or W. E. Shay and they will give special attention to such orders.

Reserved seats $2.00, $1.50 and $1.00.

## THE PRIMARY VOTE AGAIN

The Oberlin Tribune in an editorial last week intiated that the editor of The Chronicle-Telegram wrote s editorials from policy, and particularly did it refer the editorial concerning the candidates for President the Republican ticket.

We acknowledge frankly that we have a policy and ls our policy to tell the truth as far as we know it, and stand for the right things as we understand them. To is extent we can be considered being governed by poly.

The editorial in question in the Tribune quoted conderable of the editorial from The Chronicle-Telegram id particularly that part relating to Senator Harding.

We have nothing to add or substract from the posion that we have taken upon Senator Harding or Wood Johnson ,nor of Hoover either. But we would call e attention of the readers to the fact that, under the imary law, the voters may vote their preference for resident and then may vote on a separate ticket for the ndidates for delegates to the National Convention who ill select the presidential nominee.

We know there are a number of men who are standg by Senator Harding because he is a native son. They ould like to see a candidate from Ohio nominated. ney believe that we should support the Ohio man first. 'e do not agree with these people as we believe that, the selection of a candidate for President, we should member that we are citizens of America and select the st man rather than confine ourselves to our own state, less the best man happens to be there.

At the same time, we recognize that there are delestes who have been selected whose first choice would be r. Harding, but whose second choice will be Hiram W. hnson of California.

Without raising the question at this moment of the her candidates for President, we certainly would vote r Mr. Johnson for President if we had the opportunity ne only serious objection that is raised by any man to r. Johnson is the fact that he takes an extreme stand ainst the theaty or against any treaty.

We do not agree with him in this position, but he so clear and unequivocal in the positions which he es take that we would rather risk him, knowing where stands, than to take some other man whose backbone e are about convinced is made of India rubber.

We can see no objection in good sense or morals a man voting for Wood in the Presidential primary if believes he is a better man than Senator Harding and the same time voting for the delegates who are for arding for first choice and Senator Johnson for secd choice, if they believe that Senator Harding will reive but a complimentary vote and that their real oice of Johnson will thereby get the support of delestes. By so doing, the voter has expressed his sentient as progressive, just as the sentiment at the head of e ticket, and very effectually, for a real progressive, by ting for delegates who will vote for Mr. Johnson, hen Mr. Harding is out of the ring.

If the Wood delegates would be for Johnson for cond choice we would not suggest this, but the const between the Wood and Johnson forces is extremely vere and we have not heard that the Wood delegates ould turn to Johnson under any condition.

We know, however, that the second choice of the arding delegates from this district will be Senator iram W. Johnson, and we are confident that whatever ay be the situation in regard to General Wood that hnson is a progressive; he has shown it by many years public activity, fighting against great odds, and we now that if he is nominated at Chicago he will be ected probably by the greatest majority ever given to candidate in America.

We recognize, of course, that the first choice of this elegation is Senator Harding of Ohio, and we recognize at they will stay by him, if there is hope, and as long as ere is hope of his nomination. In order to receive the omination he must have a majority in the convention. f course, if the majority desire Senator Harding, which e do not believe, we certainly would not expect these elegates to do aught but aid in his support, and, while e would not look for as large a support for Senator arding as Mr. Johnson, we would expect him to be ected in November.

As we said in the beginning, we have a policy. Our olicy is, if possible, in this particular case, to see that he man who is nominated unquestionably has a position, nows the position that he stands for, and that other eople know it. Senator Johnson is that kind of man nd we believe that C. K. Whitney of Oberlin and udge Pardee, of Akron, will have the opportunity to ote for Mr. Johnson as their second choice and that ney will do it.

## THE APPEAL TO REASON AND THE APPEAL TO PREJUDICE

The other night at the banquet of the manufacturers at the Country Club a gentleman addressed them representing the Hydraulic Pressed Steel Company, of Cleveland. This man discussed the labor problem and it was the type of an address which is greatly needed in all gatherings of men who have met to consider this important topic.

He did not attempt for one moment to arouse the antagonism of his hearers against any man, men or class. He approached the subject as an expert and analyzed it into its simplest elements and graphically and logically built his structure of helpful suggestion to a company of men who were dead in earnest, recognizing that it is not prejudice but truth and reason which must bring forth the remedy for every real wrong.

Mr. Woodward is not a propagandist. He did not come there for the purpose of putting over the ideas of a particular organization, financed for the purpose of putting over those ideas. He came there simply as a fellow-workman, telling of how they applied the principles of justice to the relation of man to man in the company in which he is spending his time and energy.

The same type of man should address the laboring men, not from the angle of organized labor, nor of organized capital, but simply as Mr. Woodward did, bringing out fundamental truths concerning economic and industrial life, which truths, faithfully expounded, clearly explained, will lead his hearers to the same conclusion that the men were led to at the manufacturers' meeting the other night. And this means that both employer and employee ,accepting the same truths, which are fundamental, will necessarily be brought closer together.

We don't want the men who appeal to the passions and prejudices of the class, whether it be John Wesley Hill or William Z. Foster. We believe there is not a man who is interested in bettering the condition of labor and of establishing any plans which may be formed upon real truth, but who would have approved of nearly every solitary word which was uttered by Mr. Woodward.

Class organizations are never going to solve the problems in our industrial life, whether it be a union or an organization of employers. The recognition that the work which we have to perform for the world in any shop or factory is a "We" job and that it can only be best done by clear understanding of what we are doing and why we are doing it, is going to be accepted more and more as ground principles both by employer and employee. They are going to recognize the need of the contribution of each, of management, of labor, and of capital, and of the claims of the public upon them all, in such a manner that the spirit of democracy, brotherhood and of justice will banish bickerings, strife and strikers to the scrap heap, because a better way shall have been found. We would appeal to organization of all kinds to get men as speakers of the Woodward type and discard the others.

## OVERALLS AND FULL DRESS SUITS

It has been suggested that Samuel Gompers and John D. Rickefeller, Jr., will head the Overalls parade down Fifth avenue. We hope the result of this general purchase of denim will not drive the workmen who really need overalls into either going without them or being forced to pay almost prohibitive prices to obtain them.

As a matter of fact, there are few things that have gone up more in proportion to their price, four or five years ago than have overalls. Overalls that could be purchased for seventy-five or eighty cents four years ago now are selling for three dollars, and unquestionably, if supply and demand have as much to do with the controlling of prices as we had been taught that they had, the price will soon be raised by the demand over the country to such an extent that a man can procure a pair of trousers as cheaply as he can a pair of overalls.

Or it may be that prices will reverse, so we will find the hod carrier carrying bricks in a full dress suit and the attendants upon a formal banquet meeting in overalls.

## LIQUOR ORDINANCE IS NOW IN EFFECT HERE

**Offence Now to Carry, Transport, Barter, Sell or Give Away Liquor —Fine $5 to $100**

The liquor ordinance was passed last evening and as soon as it has been legally published it will become a law. The passage of the ordinance will allow the city to reap any benefits that may come from fines for violations of its provisions. Under its provisions it is unlawful to carry, transport, barter, sell or give away any liquor. Violation of the ordinance is punishable by a fine of from $5 to $100.
